

Wojcik, Gitchoff Appointed In Madison

Police Chief, Attorney
Replace Two Elected
As County Officials

Appointment of Capt. Stanley Wojcik as chief of police and John Gitchoff as corporation counsel was made Tuesday night by Mayor Stephen Maeros, and confirmed unanimously by the Madison council.

They will take office Monday, succeeding Barney Fraundorf and Austin Lewis who will take over their new duties as Madison county sheriff and probate judge.

Letters of resignation of the two new county officials were read and accepted at the council meeting.

Lewis also tendered his resignation as Madison's representative on the Tri-City Regional Port District board. He said there is no legal bar to him holding the post, but that it might be inconsistent with his duties as judge.

Portraits in City Hall

The council approved the mayor's suggestion that engraved plaques be presented to the two departing officials and that portraits of them be hung in the city hall. Resolutions commending them for their long service were read and presented to them.

Fraundorf has over 21½ years service with the department. He was appointed a patrolman in 1941 and chief of police in 1942. He has been chief ever since, except for his leave of absence to serve in World War II.

Capt. Wojcik served as chief of police during part of the time that Fraundorf was in the Army.

Lewis was retained to represent the city 30 years ago. In 1937 he was appointed as city attorney and later as corporation counsel. He has served as such except for his military duty during World War II. Nick Vassileff remains as city attorney.

Former Magistrate

Gitchoff is a former Madison police magistrate and was an assistant state's attorney until he resigned that post in May to become city attorney for Granite City. He has offices at 1322 Fourth street and 1326 N. Ringhaus avenue.

The appointments of Wojcik and Gitchoff are for the balance of the 1962-63 fiscal year.

The mayor requested that as many of the council as possible be on hand at the courthouse in Edwardsville at 9:30 a.m. Monday when Fraundorf and Lewis are sworn in.

Bulling On Land Offer

Mayor Maeros advised the council that it will not be possible to sell city-owned land to a St. Louis contractor without advertising it first for bids.

Earlier this month, the Frain-Colon Contracting Co. expressed interest in acquiring any or all of a 63-acre parcel of land north of the Chain of Rocks Bridge. The company was low bidder on the subsequent sale of new federal-state bridge under construction just north of the Madison-owned Chain of Rocks bridge.

Soil on the land is needed for fill at the new bridge. The city offered \$1500 an acre for the property, which is on Chouteau Island.

Alternate Proposal
Mayor Maeros suggested an alternate plan. He advised the council the company in agreement (Continued on Page 5, Col. 2.)

Transit Purchase Progress Report Today By Bi-State

Negotiations between the Bi-State Development Agency and 14 area transit companies are progressing satisfactorily, a Bi-State spokesman said this morning.

Col. R. E. Smyser Jr., Bi-State executive director, said a report on progress of negotiations for purchase of the companies will be made at this afternoon's meeting of the Bi-State board of commissioners in St. Louis.

David E. John, secretary of the Community Coach Co. of Granite City, told the Press-Record earlier today a tentative agreement has been reached for Bi-State purchase of the local bus company. He said he and George Stearns, company president, completed tentative negotiations in a meeting with Bi-State officials yesterday.

Successful Negotiations
Col. Smyser had announced previously that successful completion of negotiations for the purchase of all 14 transit companies would be announced at one time. No announcement of individual purchases will be made until all negotiations are terminated, he said.

Stockholders of the St. Louis Public Service Co. approved the proposed \$19,430,000 sale of that transit company to Bi-State at a special meeting yesterday. The St. Louis firm was the major one involved in Bi-State negotiations.

Col. Smyser said a joint meeting of the Bi-State board and Tri-City Regional Port Authority officials is scheduled after today's board meeting. He said the purpose of the meeting is to discuss plans for dock expansion and improvement at the Granite City harbor.

11 DAYS WITHOUT A QUAD-CITY TRAFFIC DEATH

GRANITE CITY, Ill. (AP)—A streak of 11 days without a quad-city traffic death ended today with the death of a 21-year-old man in a crash on Interstate 55 near St. Louis.

The victim, Robert O. Butler Jr., of Granite City, was driving a 1961 Ford Mustang when he was struck by a truck on the interstate. The crash occurred at about 10:30 a.m. on Interstate 55, about 10 miles north of St. Louis.

Butler was taken to a local hospital where he died of his injuries. He was the son of Robert O. Butler, a well-known Granite City businessman.

The death marks the end of a 11-day streak during which no quad-city traffic deaths occurred. The last quad-city traffic death occurred on November 18 in St. Louis.

The streak was set by the Granite City Press-Record. It began on November 18, when a quad-city traffic death occurred in St. Louis.

School Pay, Complaint On Insurance Topics Of Board

Granite City school board members extensively discussed teacher salaries and a complaint by local insurance agents Tuesday night, reaching no conclusion on either topic.

The request for \$44-a-month raise this year and another \$33 a month next year from Local 743, American Federation of Teachers, was reviewed during a 35-minute executive session, with no action taken on it afterward.

Board President Robert Spengler said that the next development probably will be a meeting between the administrative staff and the local's salary and policy committee. He said no specific instructions were given to the administrators, but added that legal aspects currently are being checked.

As has become the pattern, teachers attended all portions of the board meeting except the closed-door session. Those present were Mrs. Genevieve Gilson, Local 743 president; Mrs. Helen Bjorkman, committee chairman; and Harry Lane, Jon Mullen and J. R. Brandmark.

The letter from Mrs. Bjorkman to Supt. Harold M. Kaiser said, "This is to inform you and the board of education that APT Local 743 of Granite City, Ill., unanimously agreed to reject the two-year contract proposal submitted to them by the board at a meeting held Tuesday, Nov. 13."

Counter Proposal
"Unanimously we submit the following counter proposal for two years: 1. 1962-63, \$400 for one year; 2. 1963-64, \$400 for one year. Again the committee wishes to express its appreciation to the board and the negotiating team for their sincerity in helping to create an atmosphere conducive to productive negotiations."

Spengler noted that the board's last offer was a \$22 monthly raise this year (\$20 a year per teacher, with \$10 more each month for those with 25 or more years of service and an additional \$11 monthly for all teachers in 1963-64).

He asked, "What is the pleasure of the board?" and cleared the room of everyone except the board, Dr. Kaiser and Attorney Maurice Dailey when no board members urged that the discussion in open session.

Reply To Letter
A major part of the regular meeting was devoted to discussion of a letter in which S. J. Taylor, president of the Tri-Cities Independent Insurance Agents, urged that the district consult with the Illinois attorney-general on insurance sales January.

Butler was the son of Robert O. Butler, a well-known Granite City businessman.

Court Grants Injunction Today To Halt Bond Issue By Levee Board

City Pollution
Committee To
Report On Monday

"We'll make our recommendation next Monday night," Alderman Frank Vesel, chairman of the city council's special emergency pollution abatement study committee, told the Press-Record this week.

Vesel said the committee has been waiting to hear from the Federal Housing & Home Finance Agency's Chicago office on the method it will use in crediting costs of engineering study.

"We wrote to them weeks ago and they have a reply," Vesel tried to get the information by telephone and have been unsuccessful. Vesel said following Monday night's council session the committee is to recommend a policy amounting to \$200 a day. There was no report from the committee this morning.

SWB Meeting Tuesday
The Illinois Sanitary Water Board is to meet in regular session next Tuesday. Its officers announced last month it will hand down a decision on an order for Granite City to comply with a federal order to abate pollution of the Mississippi River.

It is expected the Sanitary Water Board will set a date for the city to begin pollution abatement measures or be faced with a penalty amounting to \$200 a day. Similar orders have been handed down for the city of East St. Louis and the East Side Levee & Sanitary District.

The Sanitary Water Board conducted a hearing last Oct. 22, counting the \$300,000 the district spent \$6,351,052, compared to receipts of \$6,450,108. These figures do not include transfers and re-investments.

Receipts and expenditures were \$5,287,870 and \$5,164,884 in the educational fund, \$285,112 and \$293,818 in the building fund, \$35,108 and \$32,574 in the retirement fund, \$119,698 and \$119,698 in the transportation fund, \$688,823 and \$887,496 in the bond and interest fund, \$457 and \$33,788 in the new construction fund and none and \$779 in the federal construction account.

McGee, who lives at 811 Third street, said he is going to Springfield today to confer on the job and believes he will be assigned as an examiner for credit unions in Madison and St. Clair counties and will work out of his home.

He plans to assume his new duties next Tuesday, the day after he leaves for the county office. It was announced at his arrival this week that two long-time employees—Chief Deputy William T. (Bud) Carson and Chief Deputy Alexander, both of whom will retire Saturday.

County Treasurer-Deputy George Musso has announced Mrs. Edna Bell of Wood River will replace Carson as chief deputy in the office for 23 years. Mrs. Eldon Cassens of Edwardsville will replace Mrs. Bell. Other deputies named were Mrs. Emil Werner of Edwardsville to replace Mrs. Alexander and Robert Collett of Edwardsville to succeed the late Ladimir Mashek of Collinsville.

Born at Jerseyville, Mrs. Jackson had been a Granite City resident for 42 years. She was a charter member of the First Presbyterian Church, and belonged to the PEO Sisterhood, Order of Eastern Star and the Ladies Co-operative, of which she served as president for terms in 1923 and 1929.

Mrs. Jackson and her husband, Harlan, celebrated their 50th wedding anniversary last month.

Surviving, in addition to her husband, are a nephew, Lafayette Jackson, and a niece, Mrs. Helen McMahon of San Antonio, Texas.

One sister, Mrs. Myra Jackson, is dead.

\$1,390,000 Bonds Would Have Cost Taxpayers Over \$2,500,000, With \$1,000,000 To Be Paid By Quad-Cityans—And No Benefits In Area

A temporary restraining order to prevent the East Side Levee & Sanitary District from issuing \$1,390,000 in general obligation bonds was handed down at 2 p.m. today in the circuit court at Edwardsville. The issue was for sewers in Cahokia.

The injunction was sought to save the Quad-City area residents a million dollars in taxes. The complaint was filed by a group of local taxpayers.

Arguments were heard this morning and this afternoon in Edwardsville by Judge James O. Monroe Jr., presented by Atty. Randall Robertson and William Beatty for the plaintiffs and by John Sprague of Belleville, representing the levee district.

The temporary order does not prevent the levee board from opening the bond issue bids tonight, accepting a bid and publishing the bond ordinance. However, it does block the issuance of the bonds without a referendum.

The 20-year bond issue would cost taxpayers of Madison and St. Clair counties over \$2,500,000, with interest. Quad-Cityans would be required to pay 41% of the total, or at least a million dollars in additional taxes.

Operating Debt Of GC Schools Cut \$300,000
The Granite City school district trimmed \$300,000 from its operating debt and added \$90,000 to its cash balances during the 1961-62 fiscal year, a financial report by the district showed today. It is published as a legal notice on Pages 46 and 47 of this edition.

Along with reducing the amount of tax anticipation warrants from \$700,000 to \$400,000, the school system increased total balances from \$172,498 to \$272,534.

Counting the \$300,000, the district spent \$6,351,052, compared to receipts of \$6,450,108. These figures do not include transfers and re-investments.

Receipts and expenditures were \$5,287,870 and \$5,164,884 in the educational fund, \$285,112 and \$293,818 in the building fund, \$35,108 and \$32,574 in the retirement fund, \$119,698 and \$119,698 in the transportation fund, \$688,823 and \$887,496 in the bond and interest fund, \$457 and \$33,788 in the new construction fund and none and \$779 in the federal construction account.

Truck Fire Interrupts
McKinley Bridge Traffic
McKinley Bridge traffic was halted yesterday when a truck caught fire on the bridge. The fire was caused by a short circuit in the truck's electrical system. The truck was towed off the bridge and the fire was extinguished.

Venue firemen were called to the scene at 2 p.m. Equipment from the district eight fire company in St. Louis also arrived, and the blaze was brought under control.

JUST 21 SHOPPING DAYS 'TIL CHRISTMAS

The suit was based on a 1923 amendment to the 1907 act creating the levee district.

The 1923 amendment would prohibit the levee district from issuing bonds without a referendum.

Sprague contends the act is not a law and that it was improperly passed in the state senate. The petitioners for the injunction are pointing out the validity of the law never has been tested in court.

Atty. Sprague asked for time to go to Springfield to get the Senate law ledger as proof, but the hearing, which started at about 10 a.m., was halted at noon for lunch and was to be resumed at 1 p.m.

With an assessed valuation of \$32,000,000, the levee district could issue bonds totaling \$300,000. The proposed \$1,390,000 issue would put the levee district virtually at the mercy of which local area residents would pay 41%, or at least a million dollars in additional taxes.

Of this million dollar total, Granite Cityans would be paying about \$700,000 for the St. Clair county project, and nearly \$300,000 would be paid by Madison and Venice taxpayers.

The project for which the bonds are being sold is to construct about five miles of trunk sewer lines in the Cahokia area of St. Clair county. It is to be tied in with a widespread sewerage pollution abatement program for that area.

It has been estimated the additional costs of the sewerage project would be about \$1,000,000.

Meeting On Dropouts At ISES Office Here

Counselors from Granite City, Madison and Venice public schools met with officials of the Illinois State Education Service at the ISSES office here last night to discuss problems connected with student dropouts.

A film on dropout problems was shown, and discussion centered on school and employment service cooperation. Methods of co-ordinating efforts to prevent dropouts through employment were discussed.

Malcolm A. Thompson, Granite City ISSES office director, said a major factor in preventing dropouts is finding part-time jobs for youth.

Chairman of the meeting was Chester D. Ryan, county guidance coordinator. A similar meeting was held earlier this week at Edwardsville, and a third session is scheduled tonight at Alton.

Taxes Remain

(Continued from Page 1.)

Granite City—but it persists nevertheless. With the annexation process and protestations of economy by the principal advocates of incorporation, the choice does not appear to be an easy one to make.

Others Spend At \$18,000 and more. Population and spending comparisons with the other three incorporated municipalities in the Quad-Cities show a potential village budget of \$18,000 to \$48,000 a year.

With nine times the population, Venice spends \$337,000 in property taxes and another \$100,000 on bridge funds. Division by nine gives potential yearly spending of \$37,000 to \$48,000.

Madison has 11 times the population and spends \$208,000 in taxes plus \$18,000 in bridge revenue. Dividing \$208,000 and \$308,000 by 11 produces figures of \$19,000 and \$28,000.

Based on Granite City, which spends \$1,200,000 for a population of 67, times that of Pontoon Beach, annual expenditures would total \$18,000.

Some Spending Unavailable. Estimates of what the village might spend have shrunk steadily in residents' discussions of the incorporation plan during the fall months. The figure has been so small that it almost has disappeared, but the \$18,000 yardstick remains a thought-provoking comparison.

The budget outlined would be kept under \$18,000, since a \$1 village tax rate—raising the current rate total from \$3.373 to \$4.373 for each \$100 of assessed valuation—would provide only \$5000 in operating funds for the village. Other municipal rates here vary from 71 to 99 cents per \$100.

But spending could not and would not be non-existent, despite plans for non-salaried officials and employees. And current residential construction in two sections of the village area offers little actual help; homes traditionally do not increase assessment sufficiently to offset the higher cost of serving a larger population.

Financing Of Services. While municipal services could be cleared with the residents before being added, as has been pledged by the village proponents, the services which are approved would have to be paid for by the village. The limited assessment base resulting from a lack of industrial property this would curtail.

What other factors, if any, have prompted the incorporation plan have not been discussed. Village backers say there are no hidden reasons, and self at any thought that some of the advocates may be merely seeking a means to their own ends, and the authority that goes with it.

With no other issues developing aside from the desire of many to remain separate from Granite City, a comparison of potential taxes and potential services is inescapable. It remains the chief question for each voter to decide in his own mind.

Question To Be Answered. "Will the bulk of village costs would fall upon individual property owners, can I provide the funds to pay for enough services to make the creation of a village worthwhile?"

One point is agreed upon by all parties. No bridge tolls would be available to aid the proposed village, in contrast to the situation in Madison and Venice.

Now that construction has started on a federal bridge which will carry Interstate Route 70 over the Mississippi river, the possibility of any new toll bridges in this area has vanished.

Mutual Problems of Area C. of Cs. Aired

Discussion of mutual problems and an exchange of ideas on Chamber of Commerce organization and operation were featured at a meeting Tuesday of area-wide Chamber officials.

Attended by representatives of C. of C. were the president, Chester L. Baker, and manager, William J. Baker.

The representatives were urged to broaden operations and find new groups of interested projects in order to be able to concentrate on community improvement.

The meeting was one of a series sponsored by the Illinois Chamber of Commerce to strengthen the efforts of local units.

for city officials to show cause why an order should not be issued against the city. The SWB commissioner took the testimony under advisement and postponed a decision until the regular meeting in December.

"Selection Up To Council" The council's emergency pollution abatement study committee has not decided on a method of financing the construction of a sewage treatment plant. Cost estimates have ranged from \$1,500,000 to nearly \$3,000,000.

The council has its choice of issuing general obligation bonds, which would require an election, or revenue bonds. A \$10,000,000 revenue bond proposal for a separate drainage system for the city along with a \$1,200,000 sewage treatment plant was voted down by a 200-vote margin on Oct. 2.

"We were hopeful," Vesel said, "to learn long before this how the Federal Housing and Home Finance agency would credit the city on engineering costs in connection with the \$120,000 loan for design of the new sewer system and treatment plant."

Original plan by Local Firm. The local engineering firm of Sheppard, Morgan & Schwaab designed the separate sewer system and smaller of treatment plant, based on a separate, two-pipe sewer system for the city.

The committee wants to determine the amount of the \$120,000 loan to be repaid when the city proceeds with the sewage treatment plant.

Alderwoman Mrs. Gabrielle Bettine contends the city would pay double engineering costs if another engineering firm is hired. She said the city is credited by H&EFA for treatment plant work done by the local firm under the city committee program if retained by the city.

The special committee interviewed representatives of seven engineering firms about mid-October and narrowed the field to two or three during a closed-door meeting on Oct. 31.

The seven firms interviewed were Sheppard, Morgan & Schwaab of Granite City; Black & Veatch of Kansas City; Conner & Townsend of St. Louis; Muskegon, Mich.; Clark, Day & Deitz of Carlyle and Champlin; Lee & Meridian of St. Louis; Russell & Axon of Dayton, La., and Chester Engineers of Pittsburgh, Pa.

City relating to certain members of the school board selling insurance to employees of the school district.

"As an insurance association, we feel that this situation is adequately covered by state legislation, and we would recommend that an inquiry be forwarded to the attorney-general of the state of Illinois, who will be in a better position to advise you in this matter."

The board unanimously authorized this reply: "The matters set forth in your letter of Nov. 26 have been taken into consideration and duly discussed by the board of education, and it is felt that the matters set forth there are vague and ambiguous. If you have specific evidence of irregularities in regard to the business dealings of any of the board members in their official capacity, please advise."

Not Illegal

Board Member Ralph Fricker said Gillis' letter apparently referred to him, but other board members said this was not made clear in the letter and that the entire board was being placed under suspicion. It was decided to attempt to obtain specific information before taking action, if any. It is legal for board members to have business transactions with school employees; state law bars board members from doing business with the school district itself, however.

Fricker criticized anonymous complaints and Board Member Monroe Worthen agreed that more facts should have been given, commenting that innuendo could be used to damage the reputation of any member, regardless of his occupation.

Board Member Homer Huber and Secretary George Stidham reported receiving many telephone calls complaining about the insurance sales. Huber adding that it was understandable why some school employees did not want to identify themselves in inquiring whether the school system had officially endorsed a particular insurance firm.

Use of Names

Huber said a concentrated effort

is apparently being made to sell health-accident insurance to Granite City teachers, and quoted complaints as saying that names of school administrators, assistant administrators, and teachers who had purchased the insurance were being used as a sort of endorsement "from the school district."

It was stressed in the discussion that the board makes no such endorsements and does not permit sales talks on school property. Fricker said all sales presentations to teachers in the school buildings.

Fricker and other board members said it is common practice in insurance selling to cite names of other clients. He said after the meeting that he is one of the solicitors for his company in this area and that no reference to his position as a board member has been made in seeking sales. The insurance is sold by a licensed professional person, he added.

HOME NOTES

By MRS. ELAINE P. WENDLER, Madison County Home Adviser, Home Economics Extension, University of Illinois

Creative gift wrapping can add a personal touch to your holiday packages.

There are no exact rules for wrapping and trimming. Use materials and designs that you feel are suitable for the package and the occasion. Of course, the whole effect will generally be more pleasing if the ornaments and the design of the paper are in scale with the package.

Some ways to personalize wrapping paper are by finger painting or potato print, cut a potato in half. Scoop out a design on the cut side of the potato. Dip the design of the potato in tempera or finger paint. Stamp the potato on brown paper or white shell paper, making the desired design.

Another way to individualize wrapping is by using a map that has some special meaning to the receiver.

Newspapers and fabric remnants may also be adapted for wrappings.

Materials for unusual trims include decorative hand-aid, bits and pieces of yarn, ribbon and colored paper and striking buttons.

Such items as Christmas tree ornaments, pine cones, evergreen branches that have been flocked, sewing notions or miniature toys may be added to packages for a third dimension.

Just for a change, you may wish to glaze sweet potatoes, carrots or other vegetables. A syrup for glazing vegetables may be made of two parts of brown sugar or half brown and half white sugar to one part of water. A richer syrup may be made of two parts of sugar to one part of fat and very little water.

Put partly cooked vegetables or canned ones in a heavy, flat pan. Pour the syrup over them and bake it in oven or cook on top of stove until tender. Baste and turn as necessary.

SOCIETY Wild West Theme For Cub Pack 22

Cub Pack 22, sponsored by Protestant school PFA, met Tuesday evening at the school for a program based on a "wild west" theme. The boys, each wearing a cowboy hat, played homestead games and feats of skill.

The opening ceremony and pledge was by Den Three, Mrs. John Wisniewski Den Mother. Announcement was made of the annual candy sale now in progress. Three prizes are to be given to the boys selling the most candy and a skating party will be arranged for the Den selling the most boxes per boy.

Mrs. Shirley Snider, new Den Four mother, was introduced. A new committee member, Richard Thompson, was unable to attend the meeting.

Advancement badges were awarded to seven boys, together with gold and silver arrows. Keith Hodebeck, Stanley Cavan, Keith Thompson, Keith Spencer, Earl Smith, Stan Cavan, Douglas and Craig Tarpoft received Bobcat pins and Good Scout patches and recited their oaths.

Boys made by the boys and their parents featured a "hanging" tree in front of a Wells Fargo office, just robbery by bandits, and the boys were given chances to catch the bandits by insuring balloons with darts. Another booth operated by the boys was an Indian tepee. A campfire and other entertainment gave added color to the display.

Den Two was winner of the attendance flag for 100 per cent parent attendance and refreshments were served. The closing ceremony was by Den Five, led by Mrs. Wilma Tongay, Den circle and a parade of flags.

Deadline Near For Winter Wheat Program

The last day for signing up under the 1963 Wheat Stabilization program is Dec. 14, Edwin C. Reithmeier, chairman of Madison County Agricultural Stabilization and Conservation Committee, announced today.

"Farmers who participate in the 1963 program will be eligible to receive special payments for voluntarily diverting a part of their allotment or base acreage from the production of wheat and devoting that acreage to a conservation use. They will also qualify for extra price-support payments and for the regular price-support or loan purchase agreement."

Under this voluntary wheat reduction program, farmers may divert 20 to 50% of their wheat allotment or base acreage. Growers are cautioned, however, to sign up for only the amount of acreage they intend to divert. Failure to divert the full amount of acreage signed up would result in loss of their allotment or base acreage from the production of wheat and devoting that acreage to a conservation use. They will also qualify for extra price-support payments and for the regular price-support or loan purchase agreement.

Farmers Growing Wheat 1st Time Should Report

Farmers who grow wheat for the first time in 1963 should notify the county ASCS Office as soon as seeding is finished. M. Lee Rogers, office manager in Madison county, announced today.

The change in the wheat program this year permits any producer to grow as much as 15 acres without penalty. However, the acreage must be determined before a marketing card can be issued.

Since the penalties apply if a farm without an allotment grows more than 15 acres, it is necessary for both the farmer and county office to have a record of the wheat produced on the farm.

A 1963 wheat marketing card will be required before the crop can be marketed. Rogers is urging new wheat growers to report their acreages this fall and avoid delays which might result next summer.

If there are questions about the 1963 wheat program, farmers should contact the county ASCS office.

Mayor Group To Study Hillside Drainage Plan

Appointment of a committee to study further the proposed \$6,900,000 hillside flood control system was authorized last night by the city council.

The action was taken on a motion by Granite City Mayor Davis during the meeting of the Southwestern Illinois Conference of Mayors at Grand Marais State Park near East St. Louis. Mayor Alvin Fields of East St. Louis, president of the mayor's council, is to name the committee.

The mayors heard an explanation of the program by officers of the Corps of Engineers and the East Side Levee & Sanitary District.

The levee district has offered to maintain the system of ditch and retention basins if other governmental agencies join in the construction financing with about half the total. The project was designed by the Corps of Engineers.

A white dog which may have bitten two students at Lake school, 3201 East 23rd street, last week was located and held for observation yesterday, eliminating at least temporarily the need for a painful series of antirabies shots. Lake school Principal Arthur Mendez said today.

The students, Billy Johnson, 11, son of Mr. and Mrs. Ballard Johnson, 3244 Carr street, and Phyllis Townsend, 12, daughter of Mr. and Mrs. Frank Townsend, Highway 162, both were scratched during recess periods last week and it was thought the dog, described as playful, may have inflicted the scratches.

Five Injured In Traffic Mishaps

With a \$31,864 half-monthly payroll also approved, the total amount was \$51,143.

Debate On Separation
Aldermen Walter Nann and Donald Partney engaged in a brief debate, joined by Alderman Rufus LeMaster, who was presiding in the absence of Mayor Davis.

Partney called for separate votes on the half-monthly payroll and the bill list. Nann wanted his combination motion to stand. LeMaster said the matter would be coming up at an evening meeting and was ready to call for separate votes when he was challenged by Nann.

In a vote on the separation, Partney was defeated. He voted "aye" on the roll call for the

combination motion but asked City Clerk A. L. Stevens to record that he was voting against the bill list.

Expense Allowances
Expense allowances made up a large portion of the one-page bill list.

Alderman allowances of \$30 were approved for Steve Basarich, Ford Johnson, Rufus LeMaster, Charles Meyer, Walter Nann, Paul Rutledge, Samuel Shackelford, Casner Skubish, Frank Veski and Samuel Whitmer.

In addition, \$30 monthly expense allowances were approved by Police Chief Raymond Willard and Assistant Fire Chief Curtis Donley.

Among other items on the bill list were \$9 paid to the U. S. Treasurer as the city's share of electricity cost in operation of the city pump station at the Army Depot, \$15 paid to Ben Onk for charging the battery of the electric school signal lights and for storage during November and \$21 paid to Virgil's Gardens to replace seven trees at 3415 Terrace land where trees were damaged during sewer repair work.

United Fund Needs \$10,193 To Reach Quota

The Tri-Cities Area United Fund still is \$10,193 short of its \$209,231 goal. A tally of receipts this morning indicated gifts and pledges now total \$289,038 or 96.5% of the goal. That is an increase of \$730 since the 1st count was made Wednesday.

Gifts coming in now are small and individual. An analysis is being made to credit the gifts to the appropriate subdivisions of the campaign. It is expected a new compilation will put several more of the divisions over their quotas.

Campaign chairman John McBridge plans to meet with the six task force commanders, probably tomorrow, to discuss means of making the overall quota.

The \$209,231 quota must be reached if the budgets approved for the 17 participating agencies are to be met in 1963.

The new viaduct has been under construction over the Broadway crossing in Venice since a year ago last September. It is completed and opened for traffic by Jan. 1, 1938, if the weather permits. It was inspected Saturday in an interview with Major S. F. Wilson, chief engineer of the Illinois highway department in this district.

Routing of trolley cars. All phases of the project will be finished, he said, including the Venice viaduct represents an expenditure by the Illinois highway department of \$377,600, which does not include the cost of right-of-way. This was born by the viaduct.

Nearly 60 men have been given employment on this project. The project that were started in Granite City. Several of the roads looking and most unsightly locations in town have been cleaned up.

After a week of practice, Karl Berninger, basketball coach at Madison high school, has received his first string squad to 20 players. Ten of them will be on the varsity and the remainder on the "B" team. Only two lettersmen are back from last season. They are Mike Gitchell, guard, and William Kelio, forward. Berninger believes there is some fine material among his recruits, however.

Mr. and Mrs. E. J. Gaylord have as their house guest for the coming fortnight the latter's cousin, Mrs. Lillian Turpen of Crystal City, Mo.

Mr. and Mrs. Wayne Frazer, of East St. Louis were guests for the last several days of Mr. and Mrs. G. W. Lipscomb, parents of Mrs. Frazer.

The Guild of the Methodist Church in Madison met Friday evening in the church basement. During the social hour, prizes were won by Mrs. Jesse Foster and Mrs. Naomi Stoppert.

A family reunion was held at the home of Mr. and Mrs. Lockhart of Mitchell Sunday in honor of Mrs. Lockhart's birthday anniversary.

Nine lettersmen among the boys seeking berths on the 1938 edition of the Community high school basketball team, it was learned today from Coach Barz. He said he is pleased with the recruits this season and expects to have three of them, Marion Wilson, Kenneth Whaling and Louis Branding, to turn in exceptional performances.

AF Officer Tells Mission Of Air Transport Service

Col. W. J. Atkins, director of administrative services for Military Air Transport Service, outlined the functions of MATS Tuesday at the Granite City Rotary club luncheon.

Y.M.C.A. MATS has its headquarters at Scott AFB near Belleville.

MATS, though a major Air Force command, was formed by merging the old Army Transport Command and Navy Air Transport Service. Often passengers do not know until they board their aircraft when they are flown by an Air Force or Navy crew, the colonel said.

Basically, MATS is a transportation function, MATS serves as an instrument of national policy, he explained.

"We step in when the nation wants to make a point somewhere."

Having 44 jet aircraft available made it possible to deliver several thousand tons of material to India in a few days when the recent crisis occurred.

The colonel cited as an example of air transport the transporting of a large Army unit from McChord AFB near Seattle, Wash., to Germany by the polar route in only 10 hours and 30 minutes.

The troops landed and were in flight, arriving in top condition capable of going into immediate action had it been necessary. Flatter aircraft, flying the old routes with stopovers took more than 36 hours.

Troops flown by such aircraft would arrive exhausted.

23-Ton Loads At 350 mph. New jet transporters can carry troops compared to 60 in piston types. They travel at 520 miles per hour, with payloads of 23 tons. Cargo is packed two tons to a pallet for easy handling by two airmen.

The colonel said a new jet, the C-141, is now being built at truck bed height to eliminate the use of cranes. Switching of 15 tons will be loaded easily by a couple of airmen, capable of lifting 15 tons.

About half of the MATS effort goes into the 115,000 miles of regular established routes covering 57 countries. The other half goes into special missions.

"We may be asked to land on a jungle strip in the Congo to pick up a cargo of chimpanzees

filled Saturday for a toy and canned food matinee for the benefit of needy families. Most of the children attend the matinee with admission with cans of food, which will be distributed at Christmas."

Mrs. John Paulait of State street left Saturday to join her husband in Philadelphia for a week's stay.

Everett Lewis, 2460 Iowa street, reported to police that the spare wheel was stolen from his auto while it was in his garage Friday night.

Mrs. Alice Sheppard returned Sunday from Edward, Mo., where she was a Thanksgiving guest of Mr. and Mrs. William Charbonnet.

Time To Free Quad-Cities From Ruinous Domination of Levee Board

It's about time! The fast, loose and free-spending policy of the East Side Levee and Sanitary District is being challenged by a group of Quad-City taxpayers, who Wednesday filed suit in the circuit court at Edwardsville to enjoin the levee board from issuing \$1,390,000 in general obligation bonds without a referendum.

The suit is predicated on questionable legality of the 1907 Act creating the levee district, which permits issuance of bonds up to 2 1/2% of the district's \$532 million assessed valuation—\$13.3 million—without a vote of the people.

No other taxing body—school district, city, park district, township, etc.—has ever had such license; all must have bond issues approved by public vote.

The levee board, which for years has siphoned off local tax money for the benefit of its St. Clair county constituents, except for a few crumbs grudgingly given to this community, plans to spend the \$1,390,000 for a drainage-pollution project at Cahokia, in St. Clair county.

Total cost of this bond issue, including interest, will be in excess of \$2.5 million, of which the Madison county sector's 41% share would be at least \$1 million. It is absolutely no benefit to Granite Cityans alone would pay \$700,000 of the \$1,390,000 for a drainage-pollution project at Cahokia, in St. Clair county.

Not only would Quad-Cityans be saddled with a million dollar debt with no chance to vote on it, but this community has no representation on the levee board—no voice at all in its deliberations or decisions. All five members live in St. Clair county.

That the levee board is aware of the obvious unfairness of the situation seems clear from the sneaky manner in which the legal notice calling for bids on the \$1,390,000 bond issue was handled. Normally, the legal notice would be published in newspapers of general circulation within the district, including the Press-Record, but in this instance there was no notice published. It was sent instead to a New York bond broker and, except for alert reporting, the whole deal would have been closed with no one in the Quad-Cities aware of it until too late.

We hope the taxpayers suit filed Wednesday is successful. We hope Quad-Cityans will be saved this \$1 million. For taxpayers in the Quad-Cities already are turning over to the levee district around \$800,000 in taxes, only a small percentage of which has ever come back in benefits.

We also hope that further steps will be taken to end forever the stranglehold that St. Clair county politicians have had for so many decades over the people and the progress of the Quad-Cities.

It is time to call a halt to the lying and conniving that has been a trademark of the East Side Levee and Sanitary District.

Illinois First To Ratify Ban On State Poll Taxes

The special legislative session probably was unnecessary and certainly was costly, but it enabled Illinois to become the first state to ratify the proposed U. S. constitutional amendment banning state poll taxes.

The passage was encouraged rather than discouraged from going to the polls, the amendment would seem to be in the public interest. Illinois can proudly head the list if the proposal gains the backing of at least 38 of the 50 states.

Economical Operation Of County Government Depends On Zoning

Every Madison county taxpayer has a two-fold stake in the effort to obtain approval of county zoning. In addition to the direct benefits through protection and enhancement of property values.

The current rapid growth in unincorporated areas makes haphazard development a certainty without zoning. This tends to inhibit spending for governmental services beyond what they would cost if growth was orderly. Hard pressed financially, the county government already has begun to feel the pinch of this condition.

Since the county has a rising population and depends almost entirely on property taxes to meet its bills, steady expansion of the industrial and commercial assessment base is necessary to stay "out of the red." Here again, zoning is essential to help attract new plants. Many firms will not consider locating where there is no zoning.

Unless there is industrial growth, the almost certain prospect is higher taxes for everyone. There is no idle speculation; serious thought was being submitted a county tax rate increase referendum this year.

It is well that these points be kept in mind, for the hue and cry against zoning is mounting in intensity as the time for voting by the County Board of Supervisors draws near. Close attention to zoning is especially important because some opponents are presenting a distorted image of the proposal.

Foes have even gone so far as to allege that zoning has been or will be costly to the county. Nothing could be farther from the truth, since the opposite is the case. Fortunately, something can be done about the costly lack of zoning early in 1963.

Decision By Store Employees Exemplifies Spirit Of Christmas

Retail store employees have entered fully into the Christmas spirit, canceling their annual holiday party in favor of aid to local needy families.

The decision to spread holiday cheer with gifts of food and clothing reflects the generosity of the members of Local 435, who have chosen to give, rather than receive, this Christmas.

Changes In Procedures Planned By New Sheriff

Hampered by ineffective procedures and inadequate records, the office of sheriff Sheldon has functioned with a high degree of thoroughness and efficiency. It is encouraging to note that sweeping changes in operating procedures are planned by Sheriff-elect Fraundorf.

Retention of present personnel of the office places added responsibility on the sheriff and chief deputy in bringing about procedural revisions. Realizing this, Fraundorf has chosen as his top deputy George Ramach, who has worked closely with the sheriff in the office of public safety.

Supervisors and city police departments will be important, the sheriff-elect has made it clear that he plans no alibi for the performance of his new department. He has definite ideas about how the office should be operated and believes county residents will be surprised and pleased with the results. We wish him success, for the public is the beneficiary of alert, effective law enforcement.

Does anyone really want to return to the "good old days?"

Air Pollution Merits Study Similar To The Research On River Pollution

Just as the Bi-State Department of Agriculture played a key role in coordinating studies which have led to sewage treatment plants by industries and municipalities, it appears likely that the agency also will be able to aid in the case of air pollution.

River and air pollution differ greatly in their origins and solutions—but both affect residents throughout this area, both should be ended and both involve joint action by numerous public agencies and private firms. The Bi-State Agency is uniquely capable of expediting research and action in such fields due to its wide geographical jurisdiction.

Quad-City friends of Santa Claus may have worked themselves into a corner. They earned his thanks when they substituted a helicopter for his more traditional method of transportation, the sleigh, a few years ago. This year they arranged for an even speedier vehicle, a space capsule. But how are they going to top that next Christmas?

Building Permits For Week Total Less Than \$10,000

Building permits were issued during last week for construction projects in Granite City costing an estimated \$7653, according to the record of the city's building department.

The figure increases the total for November to \$162,000, a record for the first week of the year.

One zoning permit was issued, Bloomquist said. It was for demolition of a service building on the lot of Mathews Chevrolet Co. at 1511 Niedringhaus avenue. Cost of the job was listed at \$1000.

Huntley Pontiac Co., 1801 Madison avenue, received a permit for erection of an electric advertising sign costing \$1775.

Joseph Turk received a permit to build a porch and add siding at 2418 Iowa street at a cost of \$1950. A permit for \$1100 worth of general repairs at 2857 Circle drive went to Willis Milon.

C. C. Stover obtained a permit for a \$700 installation of siding at 2720 State street, and Donald Clark received a permit for remodeling at 1607 Spruce street, to cost \$200.

Carpenter permits were issued to James Shope, 3255 Edgewood

Police Warn Merchants Of Seasonal Lawbreakers

With the approach of Christmas and the increase of shoppers in the stores and on the streets, police are offering a word of advice to Quad-City area merchants.

Police warn that the holiday season may be the victims of thieves, pickpockets, armed bandits, burglars and bank check artists.

Attention should be paid, they stress, to persons entering stores with large bags. Care should be taken to limit the articles a person is allowed to take into a dressing room to try on for size.

Clerks should know what is taken and be sure it is returned. Persons entering in groups should be observed as they may be working together to occupy the attention of a clerk or to obscure the view of one of their number who may be shoplifting.

In case of holdup, victims or witnesses should make a mental note of the bandit's age, height, weight, complexion, hair color, clothing, scars and speech and ascertain the direction of flight and mode of transportation.

Even partial license numbers may be helpful to police. The type of container in which the money is carried away also should be noted. Merchants are warned to avoid making routine trips to the bank to make deposits.

Persons who may be discouraged if merchants leave a light burning in the rear of the establishment to create police to see inside.

All doors and windows should be securely locked at night and inspections should be made to see there are no broken window panes.

Merchants should be sure the police have their telephone numbers and a record of serial numbers of their merchandise. Merchants should know all the names of their employees. It is important to take a person's identification and write down an address. If there is any doubt, the bank should be called to verify.

Customers, too, should be careful while shopping. Care should be taken not to lay purses or packages down while examining other goods. Large amounts of money should not be displayed in public places.

Merchandise should be locked in the trunk of a shopper's auto and left on the floor or in the trunk where it can be seen by passers-by.

The seasonal increase in shoplifting already has been noted. Several Quad-Cities stores have reported losses. This week three shoplifters were fined a total of \$150 and costs by Justice of the Peace Harry Hartman. All were arrested by a special officer on duty at Grampa's store on Old U. S. Route 44. All pleaded guilty. They were Betty Swann of St. Louis, \$75 and costs; Betty Blinger of St. Louis, \$25 and costs; and Millard F. Lewis of Litchfield, \$50 and costs.

HARDENING OF THE ARTERIES
Hardening of the arteries, or arteriosclerosis, is one of the most common diseases of man. It also is one of the most mysterious, for despite many years of intensive research, no practical method of cure has been uncovered.

Consequently, more than 500,000 Americans will die from it this year.

Not Inevitable Part Of Aging
Arteriosclerosis is not inevitable result of old age. Quite the contrary, it usually attacks the arteries of youngsters, with the condition growing progressively worse with age.

Normally, the arteries—or canals by which the blood travels through the various organs of the body—are flexible and supple, allowing blood to flow freely throughout the body.

As the amount of blood received by a given organ is adequate for its nutrition, the blood vessels normally dilate. However, arteriosclerosis disrupts this process by hardening and narrowing the artery walls, thereby impeding the natural flow of blood. Little by little, less blood flows through it and the organ being nourished by this blood begins to suffer.

Possible Results
These areas most often affected by this lack of proper nourishment include: the brain, thus leading to possible stroke or apoplexy; the heart, leading to "heart attack"; the kidneys, leading to a form of Bright's Disease; and the limbs, bringing about numbness and paralysis.

Some of the factors behind this disease are:

1. If obese, lose weight.
2. Avoid excessive use of tobacco, especially cigarettes.
3. Moderate but regular exercise, especially walking.
4. Maintain the proportion of solid animal fats to the liquid vegetable fats and reduce the total quantity of both. A balanced diet is important, and extremes of all sorts should be avoided.

Moderation, Avoid Stress
Excessive moderation in all things, so as to minimize mental and emotional stress.

6. See your family doctor for medical checkups.

7. Accept life's challenges. Come to terms with the inevitable. Do not brood over the past, and in the spirit you will.

The Forum Quad-Cityans Eligible For U. S. Service Award

Several hundred Quad-Cityans, including Army Depot employees, are eligible for recognition in the eighth annual federal Civil Service Employee of the Year award program.

Brig. Gen. David B. Parker, U. S. Army Transportation Material Command, is general chairman.

This year's program is being conducted in conjunction with the observance of the 80th anniversary of the Civil Service Act. The awards banquet will be held on Saturday, Jan. 19, in the ballroom of the Chase-Park Plaza Hotel.

For the first time, awards will be given to the outstanding candidates in each of the following categories: administrative, professional, technical, scientific and executive and managerial.

Employees employing up to 1000 may submit one nominee in each category, and those employing more than 1000 may submit two nominees in each category. There are 115 federal agencies in the greater metropolitan area.

The Employee of the Year program is sponsored by the Federal Civil Service Commission, the National Association of Government Personnel Councils.

The goal is to strengthen the public service by granting awards to three employees whose performance in federal government and whose contribution to the community are most noteworthy.

Employees are expected in the career service.

Non-political, with goals of peace, prosperity and happiness.

SPEAKER at two local churches Sunday, Dec. 2 will be Rev. Wayne A. Culp, a Methodist missionary who was evacuated from the Central Congo during the disturbance which erupted in the Congo in January, when he will talk at the Nameless Methodist Church during Sunday's 10:40 a.m. service, and at Dewey Avenue Methodist Church at 7:30 p.m. the same day.

Rev. Culp and his wife, both missionaries since 1957, were serving at the Lodja station, where the Methodist Church has

eight regional schools with 1500 African students, when trouble erupted in the Congo.

In mid-July of 1960, all Methodist missionaries were evacuated from the Central Congo. In September, however, Rev. Culp was among 15 missionaries who returned to the Congo with Bishop Newell S. Booth of the Elizabethville episcopal area. Their wives remained behind, most of them in Southern Rhodesia.

He continued his missionary service at Lodja until December 1961, when he left to join his wife and four children at Umtali, Southern Rhodesia. He is now on furlough and expects to return to the Congo in January, when he will begin working in a pastor's training school. Methodist missionaries are now beginning to return to the Central Congo area as conditions improve for carrying on the mission endeavor.

Rev. Culp has been pastor of the Centerville, O., Methodist Church and Nottingham Methodist Church, Cleveland. A native of Hammondville, O., he is a graduate of Asbury Seminary in Wilmore, Ky., and Seagriff College, Nashville, Tenn. His first assignment after being commissioned a missionary was as pastor of the American Protestant Church of Brussels, Belgium. Mrs. Culp is the former Dorothy Neil Cobb of Arab, Ala.

Motorist Arrested

A reckless driving charge was filed by Madison police Monday against Francis Lee King, 36, of 2228 East 25th street and Giljeup, Ill., who was injured the previous day as his northbound auto struck a parked car on State street at Fourth street. He posted his driver's license and was released to appear for a hearing Saturday.

Council Accepts \$30,000 For \$168,000 Rail Removal Job

Objections were raised again Monday night when a check for \$30,000 was received from Illinois Terminal Railroad Co. The check represents an out-of-court settlement for a track removal job which will cost the city \$168,000.

Along with the check was a release for Illinois Terminal clearing the firm of any responsibility in removal of the old trolley rails and ties. The city now owns the rails and ties as well as the right-of-way.

Continuing their objections Monday night were Alderman Donald Partney and Paul Rutledge, who opposed the out-of-court settlement at the beginning.

A resolution was adopted designating John Taff as township agent for administering the Illinois Municipal Retirement fund for the township.

Alderman Partney questioned the method of appointment, pointing out that while the resolution stated she was named by the board of auditors, which is the city council, the appointment was made by Supervisor Nelson Hagmann. "He should have advised us in advance," Partney said.

Mayor Davis again was absent and Alderman Rufus LeMaster was named to preside. The mayoralty duties were performed several months, was attending a manufacturers' meeting at the Missouri Athletic Club.

Also absent Monday night was Alderman Mrs. Gabrielle Bettine.

Before submitting a motion to call for bids for two new trucks for the street department, Finance Committee Chairman Walter Nomm said he would withdraw his proposal if there were no objections to the bid call.

The city plans to offer three former sanitation department trucks at trade-ins.

The City Hall committee, headed by Alderman Casner Skushnik, recommended acceptance of a \$4803 bid from L. Wolf Construction Co. for remodeling the office suite of police chief.

Skushnik pointed out the bid was under the \$5000 amount set in the budget for the work and that the architect, Virgil Dalgoff, would have to be paid even if the city did not carry out the work.

Questions Architect Fee
Alderman Edmund Bartosik was quick to point out the architect fee would put the job over the \$5000 allowance. However, other Aldermen said the overage could be paid from sales tax or parking meter reserve funds.

Bartosik said he did not recall the office suite of police chief.

Also questioned was the delay in acceptance of the bid which was submitted to the city seven weeks ago, according to City Atty. John Gitchett. The attorney is to determine if the contract includes a performance bond.

Other bidders were Tom Studebaker Construction Co., \$4919; G. H. Sternberg & Co., \$3343; and M. H. Wolfe & Co., \$5380.

The contract to install a new ceiling in the southeast corner room of the third floor office suite of the clerk of the city court went to Mathis Kudelick, 1741 Poplar street, on a bid of \$260. The only other bid was re-

Unbeaten Belleville Places 6 On All-SWC Squad

Alton, Collinsville, Edwardsville
Represented In Fifth Annual Poll

By Ben Henkey

Six members of a Belleville Township high school football team called "a once-in-a-lifetime squad" by Coach Bob Fraley head up the fifth annual all-Southwestern Conference football team announced today by the Press-Record.

Joining the six Maroon representatives on a mythical first squad selected by Southwestern football coaches are three players from Alton and one each from Edwardsville and Collinsville.

Second-team selections include Alton's Jerry Jowett, who rushed to a 6.5-yard average and also scored 54 points for the undefeated Maroons. A good blocker and often a passing target in Belleville's offense, Lund was regular middle linebacker on defense.

Granite City, which finished last in the conference standings, was not represented on either unit.

Choosing the list of all-conference coaches' ballots were Alton fullback Terry Mitchell, a unanimous selection, and Belleville's talented quarterback, Gary Kombrink.

All-conference ends are Jerry Jowett of Belleville and Bob Bob of Edwardsville. Tackles picked were Bob Imboden of Township and Paul Economides of Alton.

Line At 190-Pins Belleville's Louis Gain and Pat Gower of Collinsville were selected as first-team guards, and the Southwest line, which averaged just over 190 pounds per man, was completed with Alton's Bob Boedecker at center. Kombrink's teammates, Bob McKelvey and Les Lund, were picked to the all-Southwest backfield at halfback and fullback, respectively.

Alton's Mitchell rounds out the team at the other halfback spot. Coach Ralph McClain calls Mitchell the hardest runner he has ever seen on an Alton team which lost only to Belleville in conference play. Besides scoring 55 points for the Redbirds, Mitchell doubled as both a halfback and a wide receiver.

McKelvey, at 210 pounds probably one of the heaviest halfbacks to play in the Southwestern league, is also one of the fastest. Line runs the 50-yard dash in 5.9 seconds, and Coach Fraley utilized his speed on defense by using him as a safety. McKelvey also did most of Belleville's punting, was the No. 1 blocking back when he did not carry the ball, and averaged 8.6 yards per carry when he did. He scored 54 points.

Fullback — Les Lund, Edwardsville. Backs — Bob Johnson, East St. Louis; Rich Steffen, Wood River; Gary Capone, Belleville; Bob Lorenz, Collinsville. Tackles — Paul Kieselbach, East St. Louis; Leroy Reader, East St. Louis.

Center — Mike Voorhees, Granite City. Guards — Ray Dunn, East St. Louis; Rich Stevenson, Alton; Marlon Owen, East St. Louis. Quarterback — Larry Schaack, Edwardsville.

Halfbacks — Bob Johnson, East St. Louis; Rich Steffen, Wood River; Andy Johnson, Alton; Gary Zaney, Wood River; Bob Fisher, Wood River. Fullback — Joe Hiles, Collinsville.

Only Four Lettermen

Graduation-Depleted Warrior Wrestlers Begin Defense Of Mat Reputation Here Dec. 4

Will Granite City high school's five-year reign as the dominant wrestling power in southwestern Illinois and the greater St. Louis area come to an end this season?

"Don't write our obituary yet," said Coach Bill Schmitt of GCHS this week, although the Warriors lost seven of their 1961-62 squad regulars through graduation.

Scheduled to face a 17-meet season which from all appearances will be more demanding than last year's, Schmitt can call on only four returnees with past varsity experience of any consequence.

They are lettermen Paul Lampinski at 130 pounds, Dan King at 112, Skip MacMillan at 120 and Larry Reynolds at 128.

Right now, there are wide open spaces at eight other weights, but coaches expect new freshmen to hope to win starting assignments in time for the first dual meet here next Tuesday against McClure (Ferguson) at 4 p.m.

Five Sectional Champs Come A look at Granite City's losses via graduation, shows that they are considerable. Heading the list is 1962 state runner-up at 133 pounds, Buddy Felchlin, who registered a 34-2 record last season.

Sectional champions Sam Fazio (138), Eldon Poole (145), Jack Cruise (154) and Bob Kary (180) also have graduated, together with district titlists Roger Bloodworth (120) and Charlie Haug (165).

Of the returnees, MacMillan leads a district championship at 112 in spring, and Reynolds went to the state meet as a 127-pounder. Top prospects right now are Tom Vassileff at 127 pounds, Bob Traha at 103, Forrest Mueller at 127 and Denny Petroff, who skipped competition as a junior at 163 pounds.

Edwardsville Troublemaker? Granite City was 8-0 against four conference opponents last year in winning its fifth straight title.

Madison's Ferguson, Freeman Make News With Big Ten Teams

Madison high school products Larry Ferguson and Don Freeman both made news this week in Big Ten school athletic circles.

Ferguson, an All-American team football choice two years ago, was named the most valuable player on the University of Iowa squad this season, and also is listed on the second team of the 1955 All-Big Ten squad.

Freeman, an all-star last year on Madison's basketball team, very nearly led the University of Illinois freshman team to an upset victory over the varsity in a Tuesday scrimmage. He scored 24 points as the frosh lost a lead in the last minute and bowed to the varsity, 90-86.

Prather Fresh Trip

Prather junior high school's 11th grade scored a 47-40 basketball victory over Roxana Tuesday night at Roxana, while the Prather eighth grade team was nipped in a preliminary contest, 31-27.

Prather lead 12-10 at halftime, Prather used a full-court press over the final two periods to outscore Roxana's freshmen 28-20. Larry Fowler scored 12 points for the winners, and Bill Cox added nine.

Prather lead 12-10 at halftime in the eighth grade game. Bob Barnhart scored 11 points for the Prather eighth grade team.

Warriors, Cahokia, Highly Rated In Pre-Season Polls, Clash In Opener

Granite City and Cahokia, two of the powers-to-be in the eyes of pre-season prep basketball prognosticators, will put pen and to the speculation here Friday night when the Southwestern and Midwestern conference representatives meet one another at 8:15 at GCHS Memorial gymnasium.

Both have been mentioned in the same breath with such schools as Belleville and Collinsville as the most likely candidates to mile the roost in Southwestern Illinois.

The contest probably will have attracted more attention than most season-opening games.

Warrior Coach Andy Sullivan, while he made no predictions as to the final outcome, did go on record today as rating the game "the best in the area" from among 10 which will be played tomorrow night.

Sullivan, beginning his fifth year as head coach here, has basically the same player personnel available from last season's 3-21 club.

Five-year Cahokia veteran

Earl Lee lost one starter from a team which compiled the best record (17-7) in Cahokia history the last time around, and which started things with a 55-43 win over GCHS last Dec. 1.

Warrior size and desire have been quite evident in pre-season workouts, leading some onlookers to predict an outstanding season, one which would completely reverse last year's proceedings.

"They are a bunch of scappers," Sullivan admitted. "They're looking good in practice the last two weeks and I think we're ready for a ballgame; we're going to make the mistakes you expect early in a season, but these kids all want to play basketball."

The 'kids' are all returnees

from the much knocked-out 1951-52 squad, with only guard Vic Buehler lost through graduation.

They include 6-7 senior center George Moore, 15 pounds heavier and seemingly fully recovered from a hamstring knee injury, although he still wears a protective brace.

Jim Cant, a 6-2 junior who has been jumping out of the gym in practice and would rather collect rebounds than points, will be at one forward, provided a slight ankle sprain suffered Monday permits. Cant was out of uniform as a sophomore due to a kidney infection.

Larry Wortham, a 6-3 senior, Elton Hall, a 6-3 junior, 6-2 senior Charlie Papp and a 6-1 junior transfer from Belleville, Jim Warren, are other forward prospects.

Jim Proffitt (6-0) and Larry Liley (6-1 1/2), both juniors, are likely to start at the guards.

Open At Home

A Madison high school basketball team which from observation is a smaller bunch than a last season's regional champions—and by admission of Coach Earl McCannahan does not possess near the speed or quickness of that 28-1 unit—will be the cage season in Madison tomorrow night against Sparta.

The Trojans will have only two lettermen, the remnants of a graduation and transfer-depleted 1961-62 squad, in tomorrow's lineup against the taller visitors.

"We relied on our quickness to offset any lack of size last year," McCannahan said in reference to Madison's withering all-court press of a year ago, "but we don't have it this year and our press may be less effective."

McCannahan said this morning that progress in the last two weeks of practice has been the big factor in his not naming starting lineup for the first game.

Madison experienced all sorts

of trouble in its opener with the Bulldogs last year before pulling out of a 73-69 victory. Madison gave away height in that contest, and will surely be playing under a similar handicap Friday.

Coach Carroll Belcher's club is topped by 6-4 Duwayne Laws, a returning letterman. Four other players each came in at around 6-1: Jim Cavins, Russell Acen, Bill Beard and Roger McGee.

Junior Cecil Bell (6-1), the only letterman who will be available for the entire season, senior Terry Andrews (6-0), who runs out of eligibility Dec. 10 due to his age, probably will start as McCannahan's double pivotmen.

Probably will be sophomore Hayes Wright (5-10), while starting guard possibilities are sophomore Bob Fouts (5-7) and senior Tai Flak (5-9). Others likely to play against the Bulldogs are junior guard Gary Skinner and Lonnie Brown, a junior forward.

McCannahan, before he lost two weeks of practice to a Lincoln East St. Louis when school started, said he felt the Trojans could hold their own against Midwestern Conference competition.

Varisty game time Friday is 8 p.m. A junior varsity game is scheduled at 6:30.

Smaller, Slower Trojans To Face Sparta In First Court Game Friday

St. Elizabeth's Wins Two CVC Contests
St. Elizabeth's cagers won 46 to 29 over St. Mark's of Venice on Monday and defeated St. Joseph's team 55 to 25 on Tuesday in Chouteau Valley Conference competition.

High scorers on Monday were Jimmy Dunn, 15, and Bob Malott, 14, for St. Elizabeth's and Robert McIntosh, 15, for St. Mark's. In "B" team competition, St. Elizabeth won over St. Mark's 30-16 with Richard Leach hitting 10 for St. Elizabeth and Jack Lee scoring 14 for St. Mark's.

St. Elizabeth's "B" team also defeated St. Joseph's squad 40-15.

St. Elizabeth's will place Venice grade school at Venice next Monday.

Granite City PRESS-RECORD

Thurs., Nov. 29, 1962 Page 15

with 5-10 George Brink and 5-9 Glen Hoffman available.

All will get a stern defensive test, especially for an opening game, against the deliberate Lee-type offense.

"They'll give you a million screens just to get off one shot," Sullivan said. "We'll have to be ready."

Lee, who is not going to climb out on a limb despite his team's advance buildup, said he was worried about the transition from football field to court.

"It's going to take a while to get the football out of them; we may look pretty ragged," he said today.

Lee, whose record at Cahokia last year was the best of his coaching career, is set with an opening lineup headed up by 6-4 center Larry Lente, Bill Schmidt (6-3) and Tom Thomas (5-11) will be at the forwards, with Burton Bruce (5-11) and Ken McBride (5-6) working outside. All but Schmidt were regulars by late in the Comanches' last season. Schmidt, Bruce and Thomas got a late start; they were members of the Cahokia football squad which won the Midwestern conference title.

Youth Injured Hunting Undergoes Surgery

Talmage Hillman, 17, of 1932 Russell street, underwent surgery this morning at St. Luke's Hospital, St. Louis, for the re-

moval of buckshot from his body. He was injured Monday morning in a hunting accident near Maryville.

Pelets injured his eye, hip, neck, left side and arm. According to his father, Howard Hillman, the youth has regained

the use of his arm and a lung that was penetrated also in satisfactory condition.

The shot was fired accidentally by the youth's hunting companion, Ralph C. Jacobs, 18, of 2222 Sheridan avenue.

It was reported the two were about a dozen yards apart when

Jacobs saw a rabbit, turned to shoot and tripped. The gun discharged accidentally. Hillman, fortunately, did not get the full force of the blast.

Both dropped their guns on the spot and Jacobs carried his injured friend to their auto for the rush trip to St. Elizabeth Hospi-

tal here. He was transferred to St. Luke's Hospital for surgery.

Hillman graduated from Granite City high school in June and from the St. Louis School of Automation in September. He had been unable to obtain employment, however, because of his age.

Church Bus Damaged
A small bus owned by the City Temple was damaged slightly last night when it struck a rail-

road crossing gate on Market street, Venice. The driver, Homer T. Baker, 36, of Apt. 23, Gar-

sche Homes, Madison, said he was stopped for a train and the bus rolled into the crossing gate. The gate was broken.

SOCIETY

Nursery Rhyme Theme At Meeting

Answering roll call with favorite nursery rhymes opened a regular meeting of Theta Iota Chapter of Beta Sigma Phi sor-

ority last night in the home of Mrs. Bea Brackett, 2301 Gary avenue.

Mrs. Delores Dortch, president, was in charge and a report was made by the social committee of the recent installation of three pledges into the Ritual of Jewels. The new members are Miss Margie Bishop, Mrs. Evelyn Tolliver and Mrs. Norma Rains.

The membership chairman asked the members to present the names of future prospective members at the first meeting in December.

The service program for that month will be presentation of a basket of food to a needy family. The traditional "bride tray" was presented to the chapter's latest bride, Mrs. Marcella Ashford, and the group decided to hold a Christmas party in conjunction with a regular meeting Dec. 26.

A spaghetti supper will precede the meeting and social evening and a gift exchange will take place with the names of "secret pals" revealed. The program for the evening was presented by Mrs. Pat Thigoloff, who entertained the group with favorite poems.

A dessert course was served by Mrs. Brackett to Miss Bishop, Mrs. Juanita Calve, Mrs. Dortch, Mrs. Betty Ebling, Mrs. Ashford, Mrs. Lucille Harper, Mrs. Lora Mae Lombardi, Mrs. Norma Rains, Miss Ruth Stoyanoff, Mrs. Joyce Todd, Mrs. Evelyn Tolliver and Mrs. Thigoloff.

Mrs. Calve will entertain the chapter at the Dec. 12 meeting.

Dow Diamonds Plan Yule Projects

The Dow Diamonds of the Dow Metal Products Co. held a meeting last night at a local restaurant with 14 members attending. Mrs. Nora Halvachs was in charge.

Committees reported on current projects, among them 45 pairs of foot warmers made for little women at the Madison County Nursing Home, and also appropriate gifts for the men patients.

Letters of thanks were read from the Hoytson Home for contributions of clothing, and Mrs. Irvin Slate, a guest, explained the Scholarship Foundation of the Alumnae Association of University Women. The club agreed to contribute one full scholarship to the Granite City fund.

After dinner the group heard a talk by Sister Theresa of St. Elizabeth Hospital on hypnosis. The club will again assist the Salvation Army in its Christmas work.

Miss Zang Is Sorority Hostess

Miss Annabel Zang, 2712 Sunset drive, entertained Theta Theta chapter of Beta Sigma Phi sorority at a social meeting last night attended by Mrs. Angelina Hagopian, a guest, and ten members of the chapter.

Prizes were won by Vivian Gitchoff, Virginia Johnson, Mrs. Hagopian, Mrs. Evelyn Arbeiter and Mrs. Mary Yavin, the latter receiving the special award.

The annual Christmas party will take place Dec. 19 at a St. Louis hotel.

Bell Choir of Church Entertains Rotarians

Joy Belles, the girls' bell ringing choir of the First Presbyterian Church of Madison, entertained Madison Rotarians at the club's weekly luncheon meeting yesterday.

Frank Fijan served as program chairman and Rev. Howard Lucas, pastor, introduced the bell ringers, who included Miss Irene Hackett, assistant director, and Donna Hamilton, Charlie Ann Hackett, Susan Michels, Mary Platt, Paul Hutchings, Rose Marie Hackett and Leslie Skelly.

Mrs. Dorothy Lionberger, director, gave the history of bell ringing and explained the preparation of musical arrangements. She noted that the church's set of bells was specially made for it in White Chapel, England, and took two years to complete, including hand tuning of each large bell. The set covers two and a half octaves.

President Alex Schenckoff reported that the annual Rotary smorgasbord netted \$740 for charitable programs carried out by the club.

Fire Extinguishers Taken

Two fire extinguishers valued at \$50 each were stolen during the past week from Hutchinson trailer court, 2828 Victory drive. The theft was discovered Tuesday afternoon and reported to police.

Visitors At Art Show Permitted To 'Dab'

A highly unusual painting is being shown for the first time at the Granite City public library, as visitors to an art exhibit there said to the work bit by bit.

Mrs. Bonnie Fuller, chairman of the exhibit, said the painting has proved very popular with exhibit viewers. Each visitor is invited to add a stroke of color to the painting, with a huge abstract to result.

Attendance at the exhibit has been exceptionally good, Mrs. Fuller said. A number of art classes from local schools have been among the visitors, along with clubs and organizations which have attended in groups. The show is devoted exclusively to the work of local artists.

\$120,450 Low Bid On Levee Sewer Section

Kewley Brothers Construction Co., of East St. Louis, is the apparent low bidder for construction of a 1200-foot section of trunk sewer line along Jerome lane in Cahokia which will form a portion of the East Side Levee & Sanitary District's sewage treatment system in the Cahokia and Centerville township area.

The firm bid \$120,450 on the project, including the furnishing and installation of a factory-built pumping station. Bids were opened by the levee district Monday night.

The only other bidder was Joseph P. Keeley Contracting Co., also of East St. Louis, which bid \$125,578.

No contract was awarded, according to the district's chief engineer, A. L. Kraemer.

Four separate sections of sewer trunk line, about 5.25 miles in length, are part of a project which the levee district plans to finance through the sale of \$1,300,000 in general obligation bonds.

Levee district trustees are scheduled to open bids from bond sale agents during a special meeting at 7:30 tonight at levee district offices, 2642 McCasland avenue, East St. Louis.

Construction bid opening dates on the three remaining sections of the Cahokia project are Dec. 10, Dec. 26 and Jan. 7.

Night Watchman Found Dead At Local Plant

William E. Duval, 56, of 570 Veronica avenue, East St. Louis, night watchman at the Rellly Tar and Chemical Corp., was found dead at the local firm about 8 a.m. yesterday.

Deputy Coroner John Seidlich, who will conduct an inquiry, said Mr. Duval apparently had been dead since shortly after reporting to work at midnight. Death was attributed to natural causes.

Mr. Duval had been employed by the company for four years. He was a native of East St. Louis. He is survived by his wife, Laura, two daughters, and two grandchildren.

Funeral services will be conducted at 1 p.m. Friday at an East St. Louis funeral home. Burial will be in Mount Hope Cemetery, Belleville.

WONDRA'S HONORED ON SILVER ANNIVERSARY

The 25th anniversary of Mr. and Mrs. Frank Wondra, 2664 East 27th street, was observed Sunday afternoon between the hours of two and five. The event of the Grace Baptist Church, 2600 Edwards street, was appropriately decorated for the occasion, using white streamers and silver numerals.

The daughters of Mr. and Mrs. Wondra, Marilyn and Carol, presided over the guest book and pinned the number 25, surrounded by a wreath of silver, on each guest upon arrival.

The couple was married Nov. 27, 1937, at the Niedringhaus Memorial Methodist Church by Rev. Roy Keane, who is now deceased.

Mrs. Wondra is the former Mary Ruth Wondra of Mr. and Mrs. Joseph Szazama of East St. Louis. Her husband is in charge of the business meeting in the absence of the noble grand. Final arrangements were made for an "old-fashioned" hostess supper to be held at the hall Saturday evening.

Mrs. Ruth Hannebrink, Mrs. Elsie Vance and Mrs. Ruby Wood agreed to go to the Madison Nursing Home on Dec. 6 and visit with the residents.

The next regular meeting is to be held Dec. 11 when there will be an election of officers for the coming year, a quarterly birthday observance and a Christmas party and gift exchange.

Eighteen members responded to roll call.

Amendment's Effect On City Post Undetermined

City Judge Fred P. Schuman said yesterday it is difficult to determine at this time how he may be affected by the Judicial Amendment which apparently was approved by Illinois voters in the November general election.

If the amendment is finally declared approved, all lower courts such as the city court would be abolished, Judge Schuman said actual implementation of the amendment depends on new legislation.

The amendment provides for appointment of Associate Judges of the Circuit Court, which is the lowest court. Whether he would become an associate depends on the legislation enacted, Judge Schuman said.

While Judge Schuman is presently not expected to supplement his city salary by private law practice, the amendment would prohibit any judge from engaging in private practice.

Thorobred's "gourmet" dog foods put a bit of your love in his dish every day

A complete line of all meat and high protein foods

When you feed with Thorobred, you show your dog you love him by assuring him good health.

Why? Because Thorobred's foods are concentrated sources of the most important element in a dog's diet — meat protein.

A dog's bones, blood, muscles and nerve cells basically are protein. When tissues need rebuilding, protein does the job. Most nutrients replace themselves in a dog's system. Protein does not. Dogs need a fresh supply at every meal.

Naturally, the only true source of meat protein is meat. Thorobred's All Beef and Chicken Parts are chopped, cooked 'meat' — that's all. Liver-Barley is a 14% protein food.

A few extra pennies a day can buy the health that only Thorobred foods can furnish. Use the coupons to help buy your dog's first meal of All-Beef, Chicken Parts or Liver-Barley.

Schools Hope To Improve Teacher Lounge Facilities

Tentative plans were made by the Granite City school board last night to establish teacher lounges at all schools and to take responsibility for providing at least the basic furnishings in each lounge.
Fifteen buildings have lounge of varying degrees of adequacy and four have none, a survey report disclosed. Estimated cost of needed furnishings was given as \$324, and it was decided to have a committee of administrators and teachers submit specific recommendations for the current school year.
Equipment in use now has been obtained from various sources, including Parent-Teacher Associations, teachers and the school district, but the district did not make it a policy to take responsibility for uniformity of the facilities. The lounges are used for relaxation, reading, grading of papers and small conferences.
Board Member Dan Linder with the value of lounges, and suggested that the board ensure that there is basic furniture in each lounge, with teachers, PTAs or others allowed to add to the equipment as they desire.
Other board members agreed with the value of lounges, and Linder urged creation of a high school lounge which could be used by teachers of both sexes.
The lounges are separate from teachers' restrooms. Some of the grade schools and Prather Junior high school have single lounges. Coolidge and Central junior high schools have two each and GCHS has three—one for men, one for women who smoke and one for women non-smokers.
While it was felt that the full \$324 is not available this year, board members expressed a desire to make a start on the improvement, completing them in the future.

License Revocation Rescinded For GC Driver
Secretary of State Charles F. Carpenter today announced the Drivers License Division of his office has rescinded the revocation of the license of Billy J. Castle, 2118 Missouri avenue, Granite City.

This action was taken upon transcript of a conference at which time evidence was presented and considered acceptable to cause the recommendation that the revocation be withdrawn.

GC Council Oks Driveway And Parking Area For Fire House

A new parking area with a driveway off Iowa street is planned for the city's main fire station at 23rd street. City council members Monday night authorized the street department to do the work. The width of the drive was debated and left unresolved.

Supt. of Streets William Warfield called for an allocation of funds, which also was left hanging, if the council insists on a 20-foot concrete driveway.

The recommendation was made by Alderman Ford Johnson, chairman of the Fire and Water Committee, who said the establishment of a lot at the rear of the station house would get the firemen's autos off Madison avenue or at the front of the station.

Alderman Samuel Whitmer agreed the parked autos should be removed from in front of the station to give "passersby on Madison avenue a better look at the station."

'Terrific Response' In Clerks' Food Drive

"Terrific response" to the Retail Store Employees' Union Local 435 membership appeal for foodstuffs for needy families was reported this week by Miss Hetty Sheppard, secretary-treasurer of the union.

The items are being gathered at the union office on the ground floor in the Danner building, 1415 Niedringhaus avenue.

The clerks decided at a recent meeting to forego the annual Christmas party. Instead, the membership is donating food to be distributed in Christmas baskets. Also to be included is clothing.

In the program, the union is cooperating with the Salvation Army, Catholic Charities and Protestant Welfare organizations.

Farm Column

By THUMAN W. MAY
Madison County Farm Adviser

By THUMAN W. MAY,
Madison County Farm Adviser

Three important elements of a successful farm business are a farm plan showing expected income, a good farm record showing what actually happens and an annual net worth statement measuring financial progress.

Good farm records help a farmer to know what methods are profitable much sooner than if he did not study his business.

A farmer whose record shows that an enterprise is making money can expand it with confidence. But large enterprises alone may not be the key to profits.

For example, records show that a large acreage of high-

yielding corn generally gives a high net farm income. But an operator with a large acreage of medium-to-low yielding corn may have a low net income.

Records also show that, in spite of generally higher returns on larger farms, one out of 20 tenants on farms over 500 acres received no net return. But one out of five farmers on the small farm received no net return.

In addition, farm records can point out the most profitable plan for a given enterprise. In a study of cattle-feeding records over the past 12 years, certain programs were found to be more profitable than others.

Steers failed to pay for feed and original cost in only one year out of 12; heifer calves and yearlings on drylot, three out of 12; yearling steers on pasture, two out of 12; and short-fed yearling steers and short-fed yearling steers, four out of 12.

Farm operators who keep records in cooperation with the Lin-

coln Farm Bureau Farm Management Service have a chance to compare their business with the standards for farms of similar size and type. There are now 34 Madison county farmers enrolled. A limited number of memberships for 1963 are now in Madison county. Your farm adviser can give more details.

Another kind of good farm record is provided by the Illinois Farm Record Book, now being used by about 500 Madison county farmers. Books for 1963 are available at the farm adviser's office.

The number of farms producing poultry and eggs has greatly decreased in the county during the past several years, but the size of the flocks has increased.

Total production consequently has not gone down so much. Madison county ranks about tenth among all Illinois counties in value of poultry and eggs marketed. There are about 20 farms in the county with more than 1000 laying hens.

Electric lighting of laying houses is used on all the large poultry farms. As winter sets in and the days get shorter, farmers can stimulate their hens to lay more eggs by increasing the amount of light.

The reason for this is the fact that the rate of production is controlled by the pituitary gland. So far as scientists have been able to determine, the degree of stimulation to the pituitary gland depends upon the amount of light, its intensity and color, and whether or not the light period is increasing or decreasing.

Poultrymen can use this knowledge to increase their production and profit.

Tests show that egg production can be stimulated by increasing the period of light and decreasing the period of darkness. This is continued until the total amount of light reaches 18 to 20 hours per day.

A 40-watt bulb in a shallow reflector about seven feet above the floor provides the necessary light for 200 square feet of floor space. Incandescent (regular), fluorescent and natural light are all capable of stimulating the pituitary gland.

An Illinois test indicates that calves gain faster if they get antibiotics in their wintering ration. These results agree with those at other experiment stations, which indicate that antibiotic responses are more consistent when cattle receive primarily ration supplements than when ration supplements consist of grain. About 75 milligrams of antibiotics per head per day seems to be about the right amount.

On Saturday, Dec. 7, at 1 p.m. at the University of Illinois Stock Pavilion at Urbana, quarter horse buyers will have the rare opportunity of bidding on some of the country's finest horses. The University is selling its entire band of mares, fillies and stallions, offering in all a total of 22 head. These horses have been moved from the Dixon Springs Experiment Station to Urbana for this sale.

A number of ornamental plants are subject to winter injury in this area. Some plants suffer a loss of the current season's growth, while others are killed to ground level. Freezing of flower buds is not uncommon. Browning of the foliage is typical on broadleaf evergreens and some evergreens. These plants lose water during the winter months in spite of cold temperatures. If the moisture lost to the air can not

No Action Asked In Leimkuehler Traffic Fatality

It was decided at an inquest Monday night that the Nov. 17 traffic death of Mrs. Ruth Mae Leimkuehler was due to accidental injuries, with no action to be recommended against either driver involved.

Mrs. Leimkuehler, 44, of 2734 Madison avenue, died as a result of internal injuries received in the collision of the auto in which she was a passenger with another vehicle on the east end of the Broadway viaduct in Venice.

Robert Smith, 24, of 3004 East 23rd street, driver of the other auto, testified at the inquest that he was taking a Venice woman home when the collision occurred. He identified her as Jeanette Cicio, 1239 Oriole street.

Reported Driver Alone Venice police had reported Smith was alone at the time of the accident, although it had been rumored there was a passenger in his auto. Deputy Coroner Henry Pieper, who conducted the inquest, said he did not know until a few minutes before the inquest that another person was riding with Smith.

Smith testified he was at Jug's Ridesaway tavern, 925 Grand avenue, Madison, prior to the accident. He had borrowed a friend's car to go pick up his pay check, he said. He said he had two drinks at the tavern, and as he was leaving he offered the Cicio woman a ride home and she accepted.

Was Passing Bus Smith said he was driving toward Venice and passing a bus when he suddenly saw another vehicle making a left turn into the path of his auto. He swerved to the left, he said, and collided with the auto in which Mrs. Leimkuehler was a passenger.

Mrs. Leimkuehler was riding with a son, Richard Boatman, 20, who was recently released from the service and had been living with his parents. Boatman said Smith's auto crossed the center line, and he swerved to the left to avoid a head-on collision.

Smith testified that after the collision he got out of the auto he was driving and went to the other vehicle. He said the Cicio woman apparently went the other way.

Mrs. Leimkuehler died at St. Elizabeth Hospital a short time after the collision.

Uniform Speed Limit Sought For Pontoon Rd.

A uniform speed limit the full length of Pontoon road in the city limits was proposed by the Eighth Ward Alderman Frank Vesel during Monday night's council meeting.

The limit was not specified and is to be set after city officials confer with state and county authorities.

The present limits are 25 miles an hour west of Maryville road and 40 miles an hour east of Maryville road.

Police Chief Raymond Wilkerson commented the difference is too great, and that a uniform limit of 25, 30 or 35 mph may be considered.

Alton State Hospital Seeks Volunteer Workers

The Alton State Hospital is able to explain its program to want to expand its corps of volunteer workers from the Quad-City area to at least 20 persons. Mrs. Marjorie Dintelmann, volunteer services supervisor, said today.

Mrs. Dintelmann said the hospital has three volunteers from Granite City, who visit with patients.

Professional training is not required to be a volunteer worker. Dr. Abraham Simon, superintendent, said. Volunteers' duties vary from visiting to writing letters and reading to patients. They are assigned to work under the supervision of various departments, including recreation, occupational therapy and nursing.

The visits which volunteers make help patients realize the community is interested in their welfare, Mrs. Dintelmann said. To become a volunteer, one must attend an orientation course at the hospital and be interviewed by the supervisor. The next orientation course is Feb. 7 and 14. The Volunteer Services department has speakers available to explain its program to area groups interested in working at the hospital.

Area Officials Are Industrial Guests

Public officials of the Quad-Cities area and Madison county were guests of the East Side Manufacturers' Association at a "get-acquainted" dinner Monday night at the Missouri Athletic Club. Nearly 80 were present.

A. A. Schweighauser, Laclede steel Co. who presided, informed the group that, as in previous years, the meeting was purely informal and no program or agenda had been prepared. Comments were invited from the public officials and a few responded with brief statements about their particular duties. They stressed the value to every one of cooperation between industries, which provide employment and a large share of taxes, and their representatives in government, who are responsible for efficient and adequate administration of public services.

This was the third annual meeting of the two groups.

Mrs. Bertha Evangelist Dies; Ill Nine Years

Mrs. Bertha L. Evangelist, 67, of 4720 Lake drive, died at 12:25 a.m. Tuesday at St. Elizabeth Hospital. She had been ill and bedfast for the past nine years and at the hospital two weeks.

Mrs. Evangelist was born at Alexandria, Ill., near Jacksonville. She had lived in this community for 12 years.

Survivors include her husband, John Evangelist sr.; two sons, John Jr., of Grand Forks, N. D., and Thomas of East St. Louis; a brother, William Sorrells of Quincy; and four grand children.

Funeral services were conducted this afternoon at a Madison funeral home. Burial was in St. Clair Memorial Gardens near East St. Louis.

An obituary notice appears elsewhere in this issue.

Area's Credit Unions Solvent, Official Says

Replying to an announcement made this week from Springfield that 77 credit unions in the state are near bankruptcy, Arthur Webb, representative of Cuna Mutual Insurance Co. for credit unions, said today that all 25 in the Quad-Cities area are solvent.

"They're in good shape financially with a membership of over 10,000 persons," he said. "There are no difficulties in this area."

Webb, who lives at 1735 Rhodes street, also announced that he has been appointed to the position of state manager in Illinois for Cuna and will be moving to Bensenville, where his office will be in the Illinois Credit Union League building.

Cuna Mutual Insurance Society is the credit union life insurance company. Webb is a former Nickel Plate Railroad Employees Credit Union treasurer. He was a founder and first treasurer of the unit. He attended the credit union school at the University of Wisconsin upon winning a scholarship award from the Illinois Credit Union League.

He has been the Cuna representative in the area for the past five years and will move to Bensenville, near Chicago, with his wife and five children. He also will be in charge of the operations of Cuna Insurance Society, Inc., the credit unions property and casualty insurance company.

His appointment is effective next Jan. 1. Stanley Manning of Granite City, who has been special representative for Cuna for the past two years, will continue to represent the companies in the local area.

Ready for the opening? (Just call for demonstration.)

Okay, which door do you want to open first? You have your choice of seven.
Two front doors.
A wide rear door that swings up and out of the way. Comes in mighty handy when someone's parked close behind you.
A pair of side doors that open almost four feet wide for really big, bulky stuff. They open on the weak side of the truck.
You can get an extra pair of doors for the driver's side for just \$80 more.
Open any door and see how much room you get. Compared with the longer, heavier, costlier standard

half-ton, the Volkswagen gives you much more inside space: 170 cu. ft. versus 150.
It holds a much heavier load, too: 1,830 lbs. versus the half-ton's 1,000 lbs.
And it gets 20 to 30 miles on a gallon.
Regular gas.
Never needs water or anti-freeze: it's the famous air-cooled VW motor. Nothing to boil over or freeze up.
Gives you extra traction on slick, slippery roads because its weight is over the rear wheels.
Where you need it.
Might it open the door to new profits for you? Open it and see.

Our first year of service to the fine people of the Quad-
Cities has been a most happy one. We wish to thank the
progressive merchants, organizations and people of Gran-
ite City, Madison, Venice and Mitchell for their splendid
cooperation. We sincerely hope that we may spend many
more years together.

Plans Underway For Third Roca Chapter; Founded Here In 1951 With 11 Members

By MIKE JESSEE

Plans are now underway to establish a third chapter of Roca young men's club, to be chartered at Wood River. Chapter two was chartered at Collinsville earlier this year.

Roca — the Royal Order of Christian Americans — is one of the most active organizations for young men in the Quad-Cities, where it was founded in 1951 by Advisor Earl Parsons and 11 charter members.

Roca's purpose, as stated in its constitution, is to "create, maintain, and extend throughout the school and community high standards of youth fellowship and welfare."

Self-Supporting
Originally founded as a YMCA organization, Roca became independent and self-supporting in its second year. Aside from its promotion of brotherhood and accomplishment, Roca's greatest pride perhaps is in its self-subsistence.

Roca's yearly calendar includes many projects for personal and club betterment, as well as charitable and community work. The group has participated in such services as the United Fund Drive, a summer camp for mentally retarded children, heart fund and cancer drives, the Easter Seal Campaign, the Granite City Scholarship Foundation fund drive and others.

One of the constantly working Roca groups is the Club Betterment committee. This committee plans such programs as life-saving lessons, personal improvement projects, forums on teenage morals and dating, panels on etiquette and visits to local industrial plants and business firms.

Social Activities
Roca activities are not all so serious, however. Regular social events are sponsored, including

Scholarship Testing At Monmouth College

High school students from throughout the Quad-Cities area have been invited to compete for \$24,000 in scholarship awards Jan. 12 at the seventh annual Honor Scholarship competition at Monmouth College.

The 1963 competition, announced by Admissions Director Glen Rankin, offers five awards of \$400 — or an annual stipend of \$1200 for four years' college work.

High school seniors in the top 20% of their class, recommended by their principal or counselor, are eligible to enter the competition, Rankin said. Selection will be made on the basis of examination score and financial need.

Testing begins the morning of Jan. 12 and consists of five 30-minute tests covering social studies, literature, science, mathematics and the fine arts. Special auditions for string instrument players will be held in conjunction with the competition.

The seniors will be guests of Monmouth College during the weekend, housed in college residence halls and given meals at the college dining hall. Activities scheduled include an informal dance and a basketball game against Cornell College.

an annual trip on the excursion steamer Admiral. A summer hayride and a trip to the Municipal Opera are other examples. Weekly dances are sponsored during the summer.

Social events are climaxed each February with the annual Sweetheart Banquet. This event honors the four reigning Roca sweethearts of the preceding year. Sweethearts are chosen by

ROCA BANNER is received by Charles Cocker, left, advisor of Roca Chapter Two at Collinsville, from Dan Brawley, junior Roca advisor in charge of extension and orientation. Chapter Two was organized earlier this year, with plans now underway to organize a third chapter.

'Anne Frank' Preview Scheduled Wednesday

A sneak preview of the GCHS top senior class play, "Diary of Anne Frank," will be given during a school assembly Wednesday. The play is scheduled for presentation next Thursday.

In addition to the assembly, a special matinee for grade school children will be given at 4 p.m. Wednesday. Admission price to that performance will be 10 cents.

Tickets to the regular performance — scheduled for one night only — are now on sale by members of the class of 75 cents. Curtain time is 8 p.m. in the school auditorium.

Carolyn McLawton will play the title role, with Tom Mitchell and Bob Bunte cast in leading male parts. The play is based on a book which tells the story of eight Jewish people hiding from the Nazis during world war II.

Students Entertain Sanatorium Patients

A group of Quad-Cities students entertained patients at the Madison County Sanatorium with a special Thanksgiving program last week.

Sanatorium officials said the patients were highly pleased with the program. "It's just wonderful that these young people will volunteer their time to entertain a group like this," one official said.

The groups performed both vocal and instrumental music for the event, with student groups from both Granite City and Madison participating.

Performing groups were the "Red-Aires" from Granite City high school, led by Jimmie Parker, and a Madison quartet headed by Arthur Robb. Miss Pauline Kudelka performed at the piano.

CHRISTMAS HOLIDAY

Quad-Cities students will be dismissed Thursday, Dec. 20, for the Christmas holidays, school officials have announced. First day of classes after the vacation will be Wednesday, Jan. 2, 1963.

Venice Students In Eliminations For Variety Show

By Michael Lopez

Eliminations for the 1962 Variety Show were held this week, with VHS students performing yesterday morning in front of the entire student body.

The show, which is scheduled for production next month, is sponsored by the senior class and the publications class. Highlight of the evening will be crowning of Mr. and Miss Venetian.

This year's show will be the last sponsored by the publications class. Tickets to the event are now on sale, and may be purchased from any member of the senior class.

Performers in yesterday's high school eliminations included organizations, groups and individuals. Kathy Yearman and Jerry Bartlett sang "You Belong to Me," while Marilyn Gonterman and Bill Getz joined Miss Yearman to "Blue Hawaii."

Solo performances included vocal numbers by Edward Campbell and Bill Getz. Joyce Daniel performed a baton twirling exhibition.

Performing organizations included the band, which presented a skit entitled "Ragtime Wedding." The Senior Honor Society, a fashion show, a sophomore home room gave a skit and the junior girls' home room did a song and dance routine.

A sextet consisting of Nancy Scaturro, Roseann Cooper, Judy Johnson, Mary Jane Caruso, Marilyn Gonterman and Mary Margaret Caruso sang "Silver Bells." Four freshmen girls, including Manier, Mary Jane Gray, Margaret Taylor and Linda Seibert, sang "Cover the Raindrops."

Two seasonal numbers, "It's Beginning to Look Like Christmas" and "Let It Snow," were done by a mixed sextet. Members of the group were Bob Campbell, Bill Getz, Jerry Bartlett, Kathy Yearman, Diane Wilcox and Jackie Kampmann.

Grade school eliminations were held Tuesday.

MARY JANE GRAY, president of the freshman class, announced this week the freshmen are planning a return party Wednesday for the seniors. The party is scheduled for 6:30-8:30 p.m., with class sponsors as chaperones.

The invitation committee consists of Norma Nash, Mary Lou Wykert and Robert Blatter; decorations committee members are Mary Lane, Carol Murray, Howard Black and Paul Callender; and on the Entertainment committee are Margaret Taylor, Terry Cooper and Jerry Devany. Betsy Maine, Judy Reider,berger, Meri Hayden and Jimmy Shambro form the Refreshment committee, and the Theme committee is composed of Linda Seibert, Don Crump and Margaret Taylor.

PUBLICATION CLASS students are striving to meet the yearbook's first deadline on Dec. 15, when the initial shipment of copy must reach the printers in Texas to fulfill terms of the contract.

Home Yule Lighting Contest Blanks Ready

Two holiday home lighting contests again will be held in the Quad-Cities area for the Christmas season, sponsored by the Granite City Jaycees and the Madison Rotary Club.

The Jaycees require an entry blank which appears elsewhere in today's issues.

No entry blank is required in the Madison contest, as the contest judges will view all decorated homes in Madison. Awards totaling \$100 will be given out for the best displays.

The Granite City Jaycees, in cooperation with Illinois Power Co., will award \$25 in prizes, with the contest entry deadline set for Dec. 18. Judging is to take place Dec. 20 to 27. Entry blanks also are to be available at the Illinois Power Co. downtown office. It was announced by chairman Donald Young.

Finds Teaching In Congo Is Enjoyable Experience

Teaching in the Congo is an enjoyable experience bringing a "full and happy life," a note Granite Cityman writes to her family and friends here.

Miss Helen Gilbert left Granite City Aug. 17 to teach children of missionaries in the Congo. Before she left, the Central Christian Church congregation honored her with a fellowship dinner.

In a letter to her family and members of the church, Miss Gilbert said she arrived at Monieka, Republic of the Congo, on Aug. 31. Her duties there include teaching, directing recreation and serving as house mother to the five girls she teaches.

Describing the Monieka mission station, Miss Gilbert said it is one of the most beautiful in the Congo. "I have a beautiful view of the (Busira) river from my front windows," she wrote. "There are flowering trees, bougainvilleas, and many other plants, flowers and shrubs all around us, along with several varieties of palm trees, fruit trees, pineapple and banana plants. Every morning we have home-grown grapefruit and papaya for breakfast."

Monieka includes a junior high school where Miss Gilbert teaches, a Bible college, a primary school, a church and a hospital. Much of the teaching and other work is done by Congolese staff members.

A short distance from the mission station is Monieka Village, where the Congolese people of the area live. Miss Gilbert said she has found them to be very friendly, and nearly all who pass her as she walks down the path or road greet her with a friendly "hello."

"The Christmas season will probably be here by the time you receive this letter," Miss Gilbert concluded, "as our mail is very slow here in the Congo. (The mail boat comes every two weeks, but we missed last week because the boat broke down.) So may I wish you a very Merry Christmas and a bright and happy New Year."

GCS Safety Director To Address Kiwanians

Plans were completed Monday for the installation of 1963 officers by the Mitchell-Chicago Kiwanis club, L. C. "Red" Parker, safety director of Granite City Steel Co., will be the principal speaker.

The installation will be Monday, Dec. 10, at the Luna Cafe in Mitchell. Eleven members attended the regular meeting Monday night at Smith's cafe. The only other business transacted was a committee report on the club's youth bowling program.

Christmas Every Day At The Local Post Offices

Although Christmas is almost a month away, it will be Christmas every day from now to Dec. 25 at Quad-City post offices.

That is the word today from the three postmasters, who said the time has come to start Christmas cards and gift parcels on their way. Postal patrons who mail early will avoid a lot of headaches, they said.

Postmasters Theodore Overbeck of Granite City, Harry Johnson of Madison and Charles Simmons of Venice said many advance preparations are being made to handle the 1962 Christmas rush. Extra mail clerks and

carriers will be hired, and expanded facilities will be put into use.

Christmas cards and gifts for more distant points should be mailed first, the postal officials said, preferably well before Dec. 10. Those for nearby points should be mailed by Dec. 15, or at least a week before Christmas.

Use First Class Mail

"Be sure to send your Christmas cards by first class mail," one postmaster said. "When sent first class, your cards are delivered quicker, and they will be forwarded or returned if necessary. Also, they may carry written messages along with your signature."

Local residents were advised not to take chances on mailing poorly wrapped packages. Sturdy corrugated mailing cartons should be used, the postmasters said, with heavy paper adhesive tape and strong cord used for fastening.

Cartons containing several gifts should be fully stuffed with tissue paper or old newspapers to cushion the contents, it was noted.

Postmaster Overbeck said persons with articles of unusual size or bulk should check with the post office before attempting to mail them.

The limits on size and weight of packages vary, he said, depending on where they are mailed from. It is a good idea to place an extra label carrying both the return address and the recipient's address inside the carton as an extra precaution, he said.

A return address should be placed on every Christmas card envelope, Overbeck said. "Besides being socially correct," he explained, "this is a big help to your friends in keeping their mailing lists up to date." Residents are being urged to secure free labels from their post office for bundling Christmas cards before mailing. If all cards are placed in bundles reading "All for local delivery" or "All for out-of-town delivery," handling by the post office will be greatly expedited, the three local postmasters agreed.

Daybreakers To Aid JCs In Emergency Program

Members of the Daybreak Optimist Club are studying methods of aiding the Granite City Junior Chamber of Commerce in its effort to secure a full-time doctor for duty in the emergency department at St. Elizabeth hospital.

The club members were told

by Paul Morris, a Jaycee, that \$12,000 must be raised to provide the community service. However, the hospital and local physicians will contribute two-thirds of the needed amount.

The Daybreak club plans to review the problem and give consideration to aiding in the fulfillment of the program.

Cloverview Club Plans Yule Flower Show Dec. 6

Members of the Cloverview Garden Club gathered at the home of Mrs. Leo Roman, 3213 Colgate place, for their meeting Monday afternoon, preceded by a 12:30 luncheon.

Mrs. B. C. O'Neill called the meeting to order and conducted the business session after the club collect read by Mrs. Ray Williamson. The group responded to roll call with flowers named in song.

The exhibit for the day was material for making dried arrangements. Mrs. John Jenkins discussed "pincushions" and displayed a specimen branch of the ornamental plant. The phase of conservation covered at the meeting was "wildlife," and Mrs. Robert McCauley gave a comprehensive study of the subject. Announcement was made by Mrs. O'Neill of the Tenth Annual Flower Show of Region Five to be held Friday at the Greek Orthodox Hall in East St. Louis with members of the Cloverview Club participating. Mrs. John Jenkins is serving as clerk.

The local club also was invited to enter arrangements in the Art and Craft Exhibit being held in the Granite City public library this week.

Schedules were distributed for the Christmas Flower Show to be given at the Big Top Bowl by the Cloverview Club Thursday, Dec. 6. Mrs. Roman, general chairman of the affair, named her committee to assist in staging the show to which the public is invited.

Mrs. William Ogden announced the annual Christmas party would be held at the Catering House in Belleville Dec. 11th. A highlight of the party will be a 12:30 luncheon and an exchange of gifts. Mrs. Ogden is in charge of arrangements.

PEO Enrolls Two Members

Chapter 117 of the P.E.O. Sisterhood met Monday evening in the home of Mrs. Richard West, 1202 Twenty-seventh street.

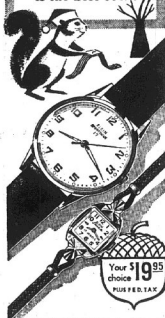

The exemplification of the ritual was held for two new members Mrs. Marion Wilson and Mrs. Robert Backs. The theme for 1962-63 is "Take Time," and in keeping with this Monday's topic was "Take Time For P.E.O."

Seventeen members attended the meeting which was presided over by Mrs. West. The next will be a Christmas party Dec. 10 in the home of Mrs. Harold Kaiser, 1615 Garfield avenue.

Brasilia ... the newest city in the world ... now becomes BRASILIA ... the newest look in furniture. From the grace and grandeur of the free-flowing Colonnades on the Palace of the Dawn (shown here), to the ultimate usefulness reflected throughout the Brazilian Capital, BRASILIA ... the furniture is an accurate translation of Brasilia, the city. Created by Broyhill Premier, BRASILIA, the furniture, is of soft-toned Walnut, lightly accented with rosewood. Its pure, architectural beauty and practicality make it a "must see" for today's homes. See our BRASILIA displays now!

The curved columns which characterize the Palace of Justice in the city of Brasilia are the inspiration for the base of a number of tables in the furniture grouping.

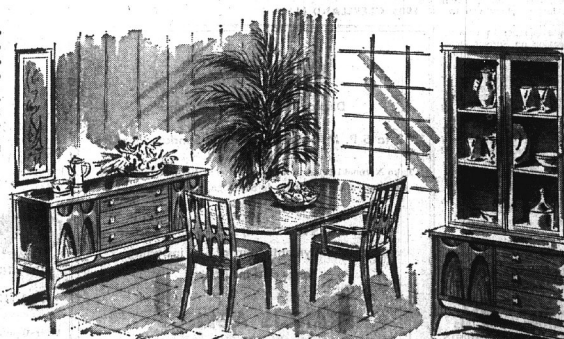

Room divider combines three design themes from the city of Brasilia ... the sweeping base, the Executive Palace, paralleling the interior of the Chapel of Our Lady of Fatima and the Colonnade motif.

Cathedral table from BRASILIA ... the furniture bears positive resemblance to the multi-apsed Cathedral of Brasilia or Brasilia, Colonnade and sweeping base motifs are also seen in this unusual storage and serving unit.

Serving cart features lines in top surface copied from original design on the Chapel of Our Lady of Fatima or Brasilia, Colonnade and sweeping base motifs are also seen in this unusual storage and serving unit.

TRAPPED BY MECHANICAL MONSTER. This little boy created a mild sensation Monday night when he got his corn caught in the popcorn machine at the YMCA. Here Morris Lambert and Donna Shands of the "Y" staff help extricate him. Witnesses said the boy apparently dropped his popcorn into the receptacle under the dispensing machine and reached in to get it out. A front panel was removed from the machine a moment after the picture was taken and the boy slipped out the door without identifying himself.

Secretary Application Deadline For ICS Dec. 1

Local secretaries are being reminded that Dec. 1 is the deadline for submitting formal application for the two-day, six-part CPS examination administered by the Institute for Certifying Secretaries. Formerly May 2 and 4, 1963, was designated as the one and only time when the examination could be taken.

The December deadline applies to the date of submitting the formal application, but sufficient time must be allowed to obtain the official application blank, complete it and have it processed and accepted at the Kansas City, Mo., headquarters of the Institute.

The CPA Service Committee of the local Tri-Cities Chapter of the National Secretaries Association has been set up to aid all prospective applicants whether they are members of NSA and regardless of sex.

Requests for application forms may be sent to Charlie Yungvic, chairman of the CPS Service Committee, 2913 Dogwood drive, or may be directed to the Institute for Certifying Secretaries, 1103 Grand avenue, Kansas City 6, Mo.

Names Of 26,011 Adults In New Area Directory

The 1962 Tri-Cities Directory is now being delivered to subscribers by R. L. Polk & Co.

The new directory lists 26,011 names of adults, 18 and over, in Granite City, Madison, Mitchell and Venice, and business concerns. A copy costs \$60.

Departments of the new directory are as follows, in order:

A story of Granite City, Madison and Venice; yellow (classified) pages, alphabetical list of names of residents, directory of householders and numerical telephone guide.

The yellow (classified) pages catalog 284 different kinds, or varieties, of enterprises from abstractors to wood preservatives.

Special features of the alphabetical list of names are the listing of the names of wives and the designation of heads of households.

Householders By Numbers

The householders, or green section, in addition to showing locations of streets and who lives or does business at each house number, denotes the homes that are owned by the occupants thereof and the homes that are rented, and lists the telephone numbers.

Numerical telephone guide (blue section) is a list of the telephone subscribers arranged by numerical progression of telephone numbers.

The new city directory will represent the Tri-Cities to outsiders, when distributed to replace the 1961 edition in free-reference directory libraries maintained at Chambers of Commerce in other cities, the publishers pointed out. This service is operated by the Association of North American Directory Publishers of which R. L. Polk & Co. is a member.
